

Meridian Property Group — Property Management Policy

Service standards, fees, and procedures for managed properties

Scope

This policy applies to all properties under Meridian's management agreement. It defines service standards, fee structures, maintenance procedures, and the responsibilities of owners, tenants, and Meridian.

Management fee schedule

Service	Fee	Notes
Residential single unit	8% of collected rent	Monthly
Residential portfolio (5+)	6% of collected rent	Quoted per portfolio
Commercial unit	7% of collected rent	Monthly
Tenant placement	5% of annual rent	Min AED 2,000
Lease renewal	2% of annual rent	Per renewal
Sale brokerage	2% of sale price	On completion

Maintenance response targets

Meridian commits to the following response times from the moment a request is logged: emergencies (flooding, fire, total power loss, security failure) — attended within 4 hours; urgent issues (no hot water, AC failure in summer, single-appliance failure) — within 24 hours; routine requests (minor repairs, cosmetic issues) — within 5 working days. These targets assume access to the unit is provided.

Service charges

Service charges fund common-area maintenance, security, cleaning, landscaping, and building insurance. They are billed annually in advance and calculated per square foot of the unit. Owners receive an itemized statement each year. Unpaid service charges may result in suspension of access to shared amenities such as pools and gyms.

Inspections

Managed units are inspected at move-in, move-out, and once mid-tenancy with 48 hours' notice to the tenant. Move-in and move-out inspections are documented with photographs and a signed condition report, which forms the basis for any deposit deductions.

Complaints and escalation

Complaints should first be logged through the portal or by emailing support@meridianpg.example, and receive acknowledgement within one working day. If unresolved after 10 working days, a complaint may be escalated to the Meridian Client Relations Manager. Meridian aims to resolve all complaints within 30 days and maintains a written record of each case.

Owner payouts

Collected rent, less management fees and any approved expenses, is remitted to owners by the 10th of each month with a statement. Expenses above AED 1,000 require prior owner approval except in genuine emergencies affecting safety or habitability.
