

Meridian Property Group — Services Guide

Real estate, leasing, and building management across the GCC

About Meridian Property Group

Meridian Property Group is a full-service real estate and building management firm operating in Dubai, Riyadh, and Cairo. Founded in 2009, we manage a portfolio of residential towers, commercial offices, and mixed-use developments. This guide summarizes the services we offer to owners, tenants, and investors.

1. Property Sales & Acquisition

We represent buyers and sellers across residential and commercial segments. Our brokerage team handles valuation, listing, viewings, offer negotiation, and coordination with conveyancing partners. Standard brokerage commission is 2% of the sale price for the seller, payable on completion. Buyer representation is offered at no direct fee where we act as the introducing broker.

2. Leasing & Tenant Placement

Meridian markets available units, screens applicants, prepares tenancy contracts, and registers leases with the relevant authority (for example Ejari in Dubai). The tenant placement fee is 5% of the first year's annual rent, with a minimum of AED 2,000. Lease renewals handled by Meridian are charged at 2% of the renewed annual rent.

3. Property & Facilities Management

Our management service covers rent collection, maintenance coordination, inspections, service-charge administration, and 24/7 emergency response. Management fees are 8% of collected rent for residential single units and are quoted per building for portfolios. Facilities management for common areas is billed through the annual service charge.

4. Building & Fit-Out Projects

Meridian's projects division handles interior fit-outs, refurbishments, and minor structural works for commercial tenants. Projects begin with a scope assessment and fixed-price quotation. A 40% mobilization payment is required to schedule works, with the balance on practical completion.

5. Investment Advisory

For investors, we provide yield analysis, portfolio review, and off-plan opportunity sourcing. Advisory engagements are scoped individually. Typical gross rental yields in our managed portfolio range from 6% to 8% for residential and 7% to 9% for commercial, before service charges and management fees.
